thinned to about twelve cars in the country, and N & W is vying with Southern Pacific and Canadian Pacific to be the last TM operator. We can't promise the Virginia logo and paint scheme on these locomotives, for N & W is notorious for their lack of colorful paint, but we can promise plenty of excitement when the train rolls in with 500 passengers from Roanoke. Mr. Cecil Tillery, our ACHS principal, has promised that the high school band, cheerleaders, and majorettes will be on the platform, together with Mayor Henry Pack and others of the welcoming committee, to greet the train.

The first Feeder Calf Sale in Lynchburg sold 679 steers and 354 heifers. The top price was $68.50 for steers and was a dollar over the top price received last week in organized feeder sales. Heifers topped out at $56.50.

The next Lynchburg Feeder Sale is set for October 25.

* * *

The fed cattle have really taken a beating in recent weeks. The price dropped $10 in the past two weeks.

Fall is an excellent time to plant shrubs because the days are cool and plants are exposed to the high water loss experienced in summer.

Don't worry about fertilizer - that should be delayed until spring. Backfilling with woods' earth is ideal.

Watering and mulching are important considerations as we go into the fall and winter months.

It's a good idea to spray broadleaf evergreens with one of the commercial preparations to reduce transpiration.

* * *

Fall is a good time to practice good sanitation. Rake or pick-up all diseased rose leaves and burn them.

Pruning of roses should be delayed until late winter or early spring. It is not necessary or desirable to prune roses back to the ground as recommended in some garden books. Severe pruning removes stored food and flowering is delayed in the spring.

* * *

Farmers will want to maximize their use of fertilizer rather than waiting until spring. We may be entering a period of shortages of fertilizer materials. I don't believe that you can assume that they will be there and can be had if you have the money.

A lot of people are getting soil tests run now. If you haven't why not join them.

Last week 1,284 pigs were marketed through the Farmville Feeder Pig Sale. The top price was $96.00 per CWT for 36 pound pigs.

If you have pigs to sell, nominations are due at least 10 days before the sale. This permits on-farm inspection of the pigs. Call this office for a form. Next sale is Nov. 1.

We'll be weighing the bulls at Red House October 23. This will be a good opportunity to drop by and see how these bulls look. The senior group will have been on feed 56 days.

GOD IS ETERN
Man is so limited by t space that it is difficult to know it. Man is so limited by time that he cannot comprehend the Eternal God. Man's natural state cannot comprehend a God who is eternal. Humanism sees God as the product of the evolution of sociology, psychological need. Today's humanistic understanding of God is like Linus' security blanket in the comic strip Peanuts. If they would have us believe that God is just the creation of our mental misfits. No! God has come into being as a result of men needing a little help. This false concept is held by many. But God is the God of the one who inhabits eternity, without beginning and without end.
The God of eternity cannot be a figment of the imagination of man with his finite mind and corrupt nature. Man can never allow, in this fallen state, for the existence or conceive of God as being eternal, because man is circumscribed by time. He cannot accept anyone beyond himself, whether it be other men or God. A study of the many same types of men trying to create a God-man, Christ Jesus, will show what an inherent lack of natural man has for God. Man was despised and rejected by men. He allowed himself to be put to death that He might pay for our justification. The religious men wanted Him put to death because He was for envy. Man cannot accept one so far beyond himself. These men could never conceive of a God so high and lofty One who could inhabit eternity whose name is Holy. Men in their humanistic conceptions are constantly trying to reach from time into eternity to pull God down to the level of their comprehension of their own religions.
I agree with Moses when he said, "From everlasting to everlasting, thou art God." Fallen man cannot see himself was made for God, and this accounts for all of humanism, atheism, etc. He darkens man's view even more. "He hath set eternity in their hearts." What a tragedy! "To be made for eternity and forced to dwell in time" describes mankind a tragedy of proportions. All within him is made for life and permanence, but everything around him is full of mortality and change. Because of this sin of immortality and change that God has made in man, all the stuff of eternity is behind him and a prophecy, a glorious hope to be realized and a promise to be fulfilled. "A WAY."
Christ is the eternal answer to man needs. He "hath abolished death, and hath brought life and immortality to light through the gospel." Christ is the only way for mercy and grace.
